Old Business: Course Tours for Prescott Lakes members who show an interest in golf. Mishael and Greg will research the best method to announce and take for tours (that do not interrupt golf play).

Letters to non-resident golf members – providing opportunity to become full fledged members. Item was discussed centering around our Mission Statement (retention). Many ambassadors were contacted (some had to deflect a lot of ire) about confusion, why at this time, and who made this decision. Mishael field many calls yet a good number of non-resident golf members paid the current initiation fee to become permanent. The ambassadors collectively felt it would have been beneficial to discuss the this committee prior to issuing letter. Greg and Mishael agreed.

Dues increase: (member requested item) Greg explained how and why the dues increase. Members appreciated clarification.

Capitol Plan: President Dave Otto requested that each committee have dialogue focusing on Capitol Plan. Greg explained Level 1 (3 year operational demands) and Level 2 (Long term) of Capitol Planning. Dialogue took place focusing on storage for tables, chairs, and equipment; kitchen expansion for freezers, etc., parking and the Athletic Center. The major concern was “capacity” and how the club will meet the demand of increased housing and membership. There was also a resubmitted request to provide signage for the Pro Shop.

Next Meeting: Monday, Sept. 9th – 5:30 pm

Respectively submitted as remembered and notated by J Gordon.
